Module 3.2 Assignment

CSD 340-A339

HTML Validator (No Errors)

The screenshot shows the Nu Html Checker interface in a web browser. The address bar displays the URL `https://validator.w3.org/nu/#textarea`. The page title is "Nu Html Checker". Below the title, a message states: "This tool is an ongoing experiment in better HTML checking, and its behavior remains subject to change". The main heading is "Showing results for contents of text-input area". Under "Checker Input", there are tabs for "source", "outline", and "image report", with "source" selected. A "Check by" dropdown is set to "text input", and a checkbox for "CSS" is present. The HTML code being validated is displayed in a text area, starting with `<!-- Miles Shinsato, 01/19/2025, Assignment 3.2 - GitHub Pages -->` and including a DOCTYPE declaration, meta charset, viewport, title, and link to a stylesheet. A "Check" button is at the bottom of the input area. Below the input area, a message says "Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings." A "Message Filtering" button is present. A green banner at the bottom of the results section states: "Document checking completed. No errors or warnings to show." Below this, the "Source" section shows a list of two lines of HTML code.

Showing results for contents of text-input area

Checker Input

Show ☒ source ☐ outline ☐ image report Options...

Check by text input ☐ CSS

`<!-- Miles Shinsato, 01/19/2025, Assignment 3.2 - GitHub Pages -->`

`<!DOCTYPE html>`
`<html lang="en">`
`<head>`
`<meta charset="UTF-8">`
`<meta name="viewport" content="width=device-width, initial-scale=1.0">`
`<title>Miles Shinsato's CSD 340 Landing Page</title>`
`<link rel="stylesheet" href="site.css">`
`</head>`

CSS Validator (No Errors)

The screenshot shows the W3C CSS Validation Service interface in a web browser. The address bar displays the URL `https://jigsaw.w3.org/css-validator/validator`. The page title is "The W3C CSS Validation Service". Below the title, a message states: "W3C CSS Validator results for TextArea (CSS level 3 + SVG)". A "Jump to:" section contains links for "Warnings (1)" and "Validated CSS". A green banner at the top of the results section states: "Congratulations! No Error Found." Below this, a message says: "This document validates as CSS level 3 + SVG!". A paragraph explains that to show readers that the page is interoperable, the user can display a validation icon. Below this, two examples of the validation icon are shown, each with its corresponding HTML code. The first icon is the "Valid CSS" icon, and the second is the "Valid CSS" icon with a blue background.

The W3C CSS Validation Service

W3C CSS Validator results for TextArea (CSS level 3 + SVG)

Jump to: Warnings (1) Validated CSS

W3C CSS Validator results for TextArea (CSS level 3 + SVG)

Congratulations! No Error Found.

This document validates as CSS level 3 + SVG !

To show your readers that you've taken the care to create an interoperable Web page, you may display this icon on any page that validates. Here is the XHTML you could use to add this icon to your Web page:

 ``
``
``

 ``
``
``
